How do I set up a user id and password?

You can create Net banking password by using internet banking services.

User Id for Internet Banking would be the Mobile Number as registered with the Bank

Can I change the password? If YES - How?

Yes! You can change your password through net banking by following the below steps:

- Click on change Password
- Enter Mobile Number
- Enter OTP sent to registered mobile Number
- Enter your Aadhaar Number or your PAN number or your Mother's maiden name
- Set your new password
- That's it - you are good to login with your new password

For any further assistance you can call our customer care officer at 18002092265 between 8:00 am to 9:30 pm.

What are the good practices for creating a password?

- You are requested to select a word that is not available in an English Dictionary.
- Do not assign your name, your family or vehicle number as your password as it can be easily guessed.
- Change your password frequently.
- Please commit your password to memory. Do not write it down or paste it somewhere.
- Do not divulge your password to anybody even if they claim to be from ABPB.
- The minimum characters required for the password to be 8, along with a special character

What happens if I forget the login password?

Forgot Password - Don't Panic! You can retrieve your password by clicking on the forgot password option available on the login page. Reset password as an option is also available

How secure it is to use the Net Banking facility?

We as a Bank have taken utmost care on customers account security.

Few security tips:

- Do not save your passwords on the site
- Do not share your passwords/PIN`s with anyone
- We are using the best security standards for our Digital Banking facilities.

Can I report a complaint / unauthorized transaction through NetBanking

You can raise a complaint or report an unauthorized transaction by writing to us at vcare4u@adityabirla.bank from your registered email ID or directly email us through your net banking.
